

PUBLIC NOTICE

SALE OF ADULTERATED OR EXPORT BOUND MOTOR FUELS IN THE LOCAL MARKET

The Energy Regulatory Commission is mandated under Section 95 of the Energy Act No. 12 of 2006 to monitor petroleum products offered for sale in the local market with the aim of preventing motor fuel adulteration or dumping of export bound fuels. In this regard, the Commission undertakes a program of continuous monitoring of the quality of petroleum motor fuels on sale, transport and storage throughout the country.

During the period July 2018 - September 2018, 4,456 tests were conducted at 675 petroleum sites (including illegal petroleum sites). From the tests, 637 sites were compliant which represents a 94.4% compliance level. However, tests from 38 sites turned out to be non-compliant.

Pursuant to Regulation 15 of the Energy (Retail Facility Construction and Licensing) Regulations 2013, the non-compliant stations and their particular offences are listed hereunder:

Test Date	Name of Station	County	Physical Location	Nature of non-compliance	Status as at 1 st July to 27 th September 2018

The Commission maintains a hotline number (0708 444 000), operational during normal working hours to enhance enforcement and compliance activities. Members of the public are requested to report suspected cases of petroleum fuels adulteration or export dumping through the hotline number.

Further, a list of all sites found with adulterated products is also available on the Commission's website: www.erc.go.ke.
